

The Mid Kent Mind Round-Up

September 2021

World Suicide Prevention Day

To mark World Suicide Prevention Day, we shared a special video intended to be a message of hope to those in need.

“Together, we can make a difference - by encouraging open and honest conversations, and by ensuring that we all feel confident having discussions around suicide.”

Watch the full video [here](#)

The Knife Angel

Maidstone Borough Council helped welcome The Knife Angel during september, an 8.5m sculpture made out of 100,000 surrendered weapons from knife amnesties. The sculpture was created specifically to highlight the negative effects of violent behaviour and as a beautiful memorial to those sadly lost to acts of violence.

KCF Social Media Takeover

In the lead up to World Suicide Prevention Day, Tom from the team at Mid Kent Mind, took over Kent community foundation’s social media for the week to spread awareness and encourage people to support others in their time of need.

You can follow [Kent Community Foundation](#) for more details on everything we’ve done!
